## Operating

ON / VIBRATE / OFF

Pleasure nubs line the interior

Gently snap off both protective caps.

To turn ON, press and hold the power button for 3 seconds and the first vibration will begin.

Continue to cycle to tap additional vibrations.

To turn OFF, press and hold the power button for 3 seconds.

## Cleaning

Always clean product before using and clean again after every use. If desired gently remove the sleeve from the shell for cleaning and be sure to not disengage the wires in the sleeve from the shell. Allow the toy to dry before replacing storage caps. For best results we recommend using Athena's (anti-microbial) Mighty Tidy Toy Cleaner (SKU MTT-2762)

## Lubrication

Be sure to use ample lubrication with your bedroom toys. For great results try Athena's Perfectly Pure Intimate Moisturizer SKU 5701. You can find additional lubrication options on our web site or in our catalog.

**To ensure that you always enjoy a pleasurable experience with your adult novelty items, follow the care instructions listed below:**

Do not store products near extreme cold or heat.

Store in a cool, dry location.

Store products separately as different materials may react with each other.

Take caution when placing lotion and massage oil bottles or adult novelties directly on furniture surfaces.

Place them on a cloth to protect your toys and your furniture.

## Caution

For adult use as a non-medical pleasure device only. Discontinue use in the event of any medical condition or pain.

## Charging

Align the magnetic connector's two dots on the charging cord to the two contact points on the stroker's outer shell. Connect the USB end into a power source.

The light on the control button will flash when charging and remain solid when fully charged. There is no danger of over-charging, but we recommend not to charge for long periods of time. Battery life depends on frequency and speed of use. We recommend fully charging your product once every 6 months. Only use the cord supplied with this product or an Athena's authorized replacement cord.

Charging Time: 2 hours  
Run time high speed: 1 hour
